Email: praveenjoshi96545@gmail.com

Phone: 8762643666

Location: Karnataka, India

OBJECTIVE

To work in a good organization where I can improve my knowledge and skills. I want to learn new things and use my abilities to help the company grow while developing my career.

TECHNICAL SKILLS

- Frontend: HTML,
- Backend: Python (Basics), Java
- Database: SQL (Basic Knowledge)
- Docker, Kubemetes, CI/CD Pipeline(AWS)

TECHNICAL EXPERTISE

I learned Python during my internship through regular practice. I started with basic concepts such as variables, data types, and operators. Then, I practiced control statements, loops, and functions.

Python concepts known:

- Variables and Data Types
 - Operators
 - Conditional Statements (if, elif, else)
 - Loops (for, while)
-

INTERNSHIP EXPERIENCE

Python Full Stack Developer with Gen AI (Ongoing) - Dhee Coding Lab, Bangalore

- Currently undergoing training in Python programming
- Learning core concepts such as variables, data types, operators, loops, and functions
- Practicing logical reasoning and aptitude problems
- Learning basics of HTML
- Participating in mock interviews and group discussions

PROJECTS

AI Powered Retinal Disease Detection System

- Developed an AI-based system to detect retinal diseases from fundus images
- Used Python and machine learning techniques for image classification
- Performed image preprocessing and data analysis
- Trained and tested the model to identify abnormalities
- Reduced manual diagnostic effort

Wonderlust – Travel & Accommodation Platform

- Developed a travel and accommodation booking platform
- Designed frontend using HTML and CSS
- Implemented backend functionality using Python
- Created a user-friendly interface for searching and exploring destinations

EDUCATION

B.Tech in Computer Science and Engineering (Data Science)	CGPA-7.13
Bheemanna Khandre Institute Of Technology Bhalki	2022-2026
PUC Science(PCMB)	CGPA-6.84
Crescent Pu Collage Of Science Basavakalyan Karnataka	2020-2022

CERTIFICATIONS

- Completion Introduction to artificial intelligence
 - Completed 2-Day Workshop on Programming in Python
-

INTERPERSONAL SKILLS

- Willingness to Learn – Eager to learn new technologies and improve continuously.
 - Basic Communication Skills – Able to express ideas clearly in simple English.
 - Playing Badminton – Helps develop focus, discipline, and team spirit.
-

LANGUAGES

Kannada, Hindi, English, Marathi
